About us

KADOURA Household Brushes And Brooms Factory is located in Aleppo City, the industrial capital of Syria, where most of the important Syrian industries are taking place there.

Our company has become officially active in the 70's of the last decade in Aleppo importing and exporting household products. In 1990 we started manufacturing brushes, brooms and pot Scourers under the name of Family. Through the years our factory has obtained a wide experience that made us choose the best of raw material to satisfy all customers at both local and international levels. The factory takes into consideration the variation of the customers and consumers and satisfies the changes in market demands.

In the past years the factory invested in numerous high-tech machinery from huge European companies to improve the quality and increase the quantity of production. By achieving that, we became one of the biggest Factories in Middle East and our brand name has become KADOURA.

From now on, we are able to meet the needs of the clients in short period of time. Consequently, our prices are competitive both in local and international markets. Today KADOURA co. exports to more than 30 countries over the world.

In short, we can proudly say KADOURA is highly trusted brand name internationally and locally.

■ Some people create with words, with music or with tools of thier own. It matters when people stop and say "I've never seen such a thing done like this before". for us, it's more than just production, it's a style. It is doing something better than anyone else. it is being creative.
